10ᵉ Conférence internationale sur la
DÉCISION PARTAGÉE
10th International **SHARED DECISION**
Making Conference

Appuyée par :

General policy

- Attendants are invited to submit original abstracts in the field of shared decision making.

  All abstracts must be submitted before **February 4 2019, 23:45 Eastern Standard Time (EST)** using the online abstract submission form on the website (https://www.fourwav.es/isdm2019).

- All submitted abstracts will undergo peer-review and selected by the scientific committee. A notice of acceptance or rejection will be sent by email to corresponding authors in March 2019.

- Presenting authors of accepted abstracts must be registered to attend the conference.

Types of presentation

Authors can submit 5 types of presentation:

1. Oral
   - *Oral presentations of 10 minutes plus 5 minutes for questions.*

2. Cluster of 4 presentations
   - *If authors want to submit a cluster of 4 presentations in one themed session (60 minutes total), they must submit separate abstracts with identical titles, while adding subtitles that also include part 1, part 2, part 3 and part 4.*

3. Poster
   - *Posters must fit on a 80" x 80" (203.2 cm x 203.2 cm) board.*

4. Workshop
   - *120 minutes max.*

5. Special interest group
   - *60 minutes max.*

Instructions for preparing abstracts

- Abstracts can be submitted in English or in French.

- Please do not insert tables, diagrams and/or photographs into abstracts.

- Abstracts should contain a **maximum of 350 words**, excluding title, authors and affiliations. Abstracts will not be reviewed if the word count exceeds 350 words.

- Authors can submit an unlimited number of abstracts. However, a **maximum of 2 oral presentations and 2 posters per presenting author** will be accepted.

- The following are suggested outlines for the different types of abstracts:

  a. Abstracts for oral presentations and posters should include:
     - Background and aims
     - A brief description of methods
     - A summary of results to support conclusions
     - A conclusion.

     If your study is ongoing and the results are not available when submitting your abstract, please indicate under the results section that the study is ongoing and results will be updated.

  b. Abstracts for workshops should include:
     - Background
     - The aim of the workshop
     - Target audience
     - Learning objectives and methods for organizing the workshop.

  c. Abstracts for special interest groups should include:
     - Background
     - Aim
     - Target audience
     - Brief outline of the agenda.

The scientific committee reserves the right to refuse abstracts, or to designate abstracts submitted for oral presentation as poster presentations.
