

Sessions d'affiches : guide pour les présentateurs

Poster Sessions Guidelines

Introduction :

Pendant la session d'affiches, le responsable devra être présent à côté de son affiche pendant que les participant.e.s visiteront les différents panneaux. Il n'y aura pas de présentation officielle devant un groupe.

Introduction:

During the poster sessions, each presenter will be required to stand by their poster; attendees will walk around and view the different posters. There will not be an "official" poster presentation in front of a classroom or group.

Dimensions & Panneaux :

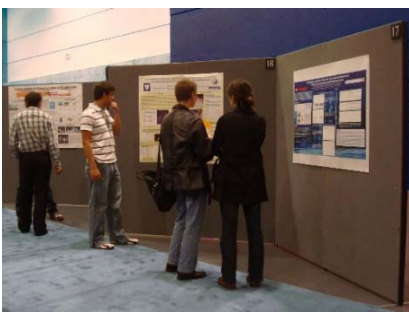

Votre affiche devra être imprimée. Nos panneaux seront de 80" X 80" ou 203 cm X 203 cm (voir photo ci-dessous). Le format paysage est le plus souvent utilisé, avec des dimensions d'environ 36" X 48" ou 36" X 60". Toutefois, il n'y a **pas de taille obligatoire** à respecter. Nous vous recommandons de vérifier auprès de votre imprimeur, car certains sont limités en terme de taille d'impression.

Votre affiche devra être conçue afin qu'elle puisse tenir à l'aide de velcros. 8 pastilles velcro seront fournies par affiche. Des pastilles supplémentaires seront disponibles à l'accueil sur demande (quantité limitée).

Size & Poster Boards:

Your poster should be printed. There is no mandatory poster size but it should fit well on an 80" X 80" or 203 cm x 203 cm presentation panel (see picture below). In many conferences, a popular poster size is usually 36" X 48" or 36" X 60". You should check with your printer (or printing company) the maximum size possible.

Posters should be designed and constructed so they can be attached to the poster board with Velcro tape. Eight Velcro tape dots will be provided for each poster. Additional tape may be requested at the Registration Desk.
